PRIVATE HOSPITAL

---

*Connect*

*Unify*

*Challenge*

---

### A message from the Leadership Team

At Adeney Private our values are **Connect, Unify and Challenge**.

**Connect** - It is our belief that to achieve our goals we must Connect with our patients at every opportunity to truly provide a 'Patient Centered' high quality model of care.

**Unify** - to be truly excellent we must have a unified team across all levels. Our doctors believe this is crucially important to achieve the best patient outcomes. Every member of our team, no matter their role, is vital to both our overall success and individual satisfaction.

**Challenge** - too often in healthcare we lack the ability to challenge how we do things. The Adeney Private team want to challenge everyone to look at all opportunities. We want to create an environment where the whole is greater than the sum of the individuals.

## Connect

We would like to thank you all for reaching out to us with your expressions of interest and connecting with us at the beginning of our new journey. We will touch base with you over the coming months to keep you informed of the latest developments and opportunities that arise as our exciting development progresses.

Below is the schematic drawing of where we would like to see us all working in the near future.

---

*‘Courage and perseverance have a magical talisman, before which difficulties disappear and obstacles vanish into air’*

---

## Unify

We have started to unify our team already and have joined in partnership with Hansen Yuncken our builders who will continue to be part of our team as the hospital grows and takes shape. We were also pleased to see that the politicians were on our team when the first ‘sod was turned’.

The most important assets to us at Adeney Private Hospital are our people, we recognize that we cannot be our best without the best staff who are interested in working in a unified team where there are no barriers.

## Challenge

We have set ourselves the challenge of thinking of a different way to provide healthcare in this ever-changing world. We would like you to accept that same challenge and share our vision.

Over the coming months we will provide updates and introduce more team members as the recruitment begins.

We will also be holding information evenings in 2023 – these dates will be forwarded in our next newsletter.

Thank you once again for taking the time to submit an EOI.

‘Stay Connected’ and we wish you all a Merry Christmas and a Happy New Year.
