Doctor Profile

General Surgery

Colorectal Surgery

Dr Raaj Chandra

MBBS, BMedSci, MEd, FRACS
LANGUAGE: Hindi

Raaj is an experienced Colorectal Surgeon covering all aspects of the specialty. He also specialises in advanced Endoscopy (Gastroscopy) and Colonoscopy. He is Adjunct Senior Lecturer at Monash University Medical School and on the Royal Australasian College of Surgeons Court of Examiners in General Surgery. Raaj is the Supervisor of Research on the Eastern Health Colorectal Surgery unit based in Box Hill, which is the largest Colorectal Surgery unit in Australia and New Zealand.

He underwent medical training at the University of Tasmania. Following this, he served in the Royal Australian Air Force as a full time Medical Officer. During this time, he was awarded the United Nations medal, Australian Defence Force medal and the Australian Service medal.

He then embarked upon advanced general surgical and trauma training at the Alfred Hospital in Melbourne. He has completed further subspecialty training comprising three years of post-Fellowship training in colorectal surgery at the Royal Adelaide Hospital, Geelong Hospital and St Vincent's Hospital. He is also a member of the Colorectal Surgical Society of Australia and New Zealand (CSSANZ). This was followed by a Masters of Surgical Education at Imperial College London.

Raaj holds public positions at both the Royal Melbourne and Box Hill Hospitals. He also has a keen interest in the education of medical students, junior doctors, and senior trainees. Raaj is an active participant in research and has published widely.
