PRIVATE HOSPITAL

Doctor Profile

Urology/Urological Surgery

Mr Joseph Thomas

MBBS(Hons), FRACS, FRCS

Mr Joseph Thomas is an Australian trained Urologist who has worked extensively in the UK and Australia.

Joseph completed his Australian training in Victoria in 2002. He then moved to the UK and worked in Oxford and Leeds before taking up a position as Head of Endourology (kidney stone treatment) at Southampton General Hospital. After 4 years establishing an Endourology unit in Southampton, Joseph returned to the Eastern suburbs of Melbourne where he provides all aspects of Urological surgical care.

As the Head of a large kidney stone unit, Joseph has vast experience in all aspects of kidney stone surgery, particularly complex kidney stones and recurrent stone forming conditions.

Joseph has also been internationally trained regarding prostate cancer management. He is fully qualified in robotic surgery and provides comprehensive prostate cancer management in collaboration with medical and radiation oncologists via weekly multidisciplinary meetings.

Joseph holds consultant urological positions at Eastern Health – Box Hill, Maroondah, The Angliss and Lilydale Hospitals.

He is happy to see and treat all Urological conditions.

Areas of interest:

- Kidney stone management
- Robotic treatment of prostate cancer
