Doctor Profile

General Surgery

Upper Gastrointestinal

Associate Professor

Sean Mackay

MBBS, MD, FRACS

Associate Professor Sean Mackay is an upper-GI, HPB, and bariatric surgeon. He has a public hospital appointment in the upper-GI and HPB unit at Eastern Health/Box Hill Hospital, and an academic appointment as an Associate Professor in the Eastern Health Clinical School (Monash University).

Sean trained through St Vincent's Hospital Melbourne, with fellowship years there, and at the Royal Infirmary of Edinburgh. His Doctoral research was at Imperial College London, studying the objective assessment of surgical technical skills, and his MD thesis was accepted in 2004.

Sean's private practice encompasses the range of benign and malignant disease within his areas of clinical expertise.

Areas of interest:

- MEndoscopy
- Therapeutic endoscopy
- ERCP (Endoscopic Retrograde Cholangio-Pancreatography)
- Hepatobiliary surgery
- Upper Gastro-intestinal surgery
- Bariatric (weight-loss) surgery
- Advanced laparoscopic surgery
- Single-incision laparoscopic surgery
