## Doctor Profile Haematology

### Associate Professor Chun Yew Fong

**MBBS, BMedSci, FRACP, FRCPA, PhD**

A/Prof Chun Yew Fong is a clinical haematologist and co-founder of Eastern Haematology and Oncology Group located in Heidelberg.

After graduating from The University of Melbourne, he completed physician training and advanced training in haematology at Melbourne's leading hospitals. He obtained dual Fellowships of the Royal Australasian College of Physicians and the Royal College of Pathologists of Australasia. Ensuring that he remains abreast of developments in his field, Chun undertook formal research training at The University of Cambridge and at Peter MacCallum Cancer Centre; working to apply scientific breakthroughs to the patients he treats.

He is the Director of Haematology Research and a staff specialist at Austin Hospital where he is also the head of acute leukaemia and myelodysplastic syndromes. He is an Associate Professor at The University of Melbourne.

A/Prof Fong's clinical experience ensures that his patients receive the best possible outcome. He has a special interest in the treatment of haematological malignancies. Most of all, he is passionate about delivering high quality patient care and ensuring patients are fully educated about their condition through effective communication.

**Areas of interest:**

- Clinical Haematology,
- Malignant Haematology
- Leukemia and Lymphoma
