Doctor Profile

Anaesthesia

Dr Grace Gunasegaram

MBBS (Hons), FANZCA

LANGUAGES: Sinhalese, Tamil

I am a specialist anaesthetist with Associated Anaesthetists Group. After graduating with Honours in medicine in 2000, I completed my internship and 2 years of residency at Monash Health. My anaesthetic training was based at Austin Hospital, but also included time at the Mercy Hospital for Women, Royal Children's Hospital and Peter MacCallum Cancer Centre. In 2015 I completed a Graduate Certificate in Clinical Ultrasound through the University of Melbourne.

I have a wide range of practice that includes anaesthesia for major abdominal surgery, vascular, ENT, ophthalmic, paediatric and obstetric anaesthesia. I have a special interest in using nerve blocks to reduce pain after an operation, particularly in limb surgery and epidural anaesthesia for obstetric patients.

I am currently a visiting anaesthetist at the Northern Hospital and the Royal Victorian Eye & Ear Hospital. I am involved in training anaesthetic trainees, other members of staff, medical students and paramedics. I am a member of the Australian New Zealand College of Anaesthetists and keep up to date with the latest anaesthetic techniques and research via the ANZCA continuing professional development program.

I am an office bearer with the Australian Society of Anaesthetists (ASA).
