Doctor Profile

Plastic & Reconstructive Surgery

Associate Professor Dean White

**MBBS, FRACS (Plast), GDEB, EGCOb,
Spec. Cert. Clin. Lead., GAICD**

Associate Professor Dean White is the Chair of the Medical Advisory Committee at Adeney Private Hospital.

Dean is a Plastic and Reconstructive Surgeon and an Honorary Clinical Associate Professor at the University of Melbourne Medical School. He was previously the inaugural Clinical Director of Plastic Surgery at the Eastern Health Public Network and the Director of the Head and Neck Clinical Institute.

He has served in several other roles over his career involving medical education, clinical governance, clinical risk management and strategy and is a journal reviewer for the ANZ Journal of Surgery and the Australasian Journal of Plastic Surgery and the Bangladesh Country Lead for Interplast.

Associate Professor Dean White qualified from the University of Melbourne Medical School in 1996 achieving high academic success. His initial basic surgical training was based at St Vincent's hospital in Melbourne for three years. A/Prof White then undertook training as an accredited advanced general surgical trainee for two years before being accepted in the advanced training programme for plastic and reconstructive surgery. This involved a further four years of intensive training gaining extensive experience in all aspects of plastic surgery including complex skin cancers, microsurgery, reconstructions after cancer and trauma as well as cosmetic surgery. In 2006 A/Prof White commenced work as a consultant plastic surgeon at the Royal Melbourne Hospital. In 2008, A/Prof White undertook additional training overseas in London's Harley Street medical district working with several of the country's top surgeons. He was also able to complete the renowned Cosmetic Surgery Courses in Dallas, Texas USA.

His clinical work focuses on complex skin cancer including melanoma, reconstructive and aesthetic surgery (including facial surgery, breast surgery and body contouring post extensive weight loss).

A/Prof White is motivated to maintain accessible and sustainable healthcare to our wider community.

Areas of interest:

- Complex skin cancers
- Reconstructive surgery
- Cosmetic surgery of the face, breast and body
