Doctor Profile Medical Oncology

Dr Elizabeth Liow

B.Med Sc, MBBS, FRACP

LANGUAGES: Mandarin

AREAS OF INTEREST: Genitourinary including prostate, kidney, bladder and testicular cancer.

Dr Elizabeth Liow is a consultant medical oncologist and clinician-researcher with specialised expertise in Genitourinary cancers (including kidney, bladder, testicular, and prostate cancers), gastrointestinal cancers, general oncology, gynaecological cancers and lung cancers.

She currently holds a public appointment at Monash Health and is Adjunct Lecturer in Medicine at Monash University. She is recognised for her integrated approach to patient care and research, with active leadership in clinical trials.

Dr Liow obtained her medical degree from the University of Melbourne and gained early international research experience at the Accident and Emergency Medicine Academic Unit, Prince of Wales Hospital, Hong Kong. Dr Liow completed a fellowship at the Peter MacCallum Cancer Centre where she was involved in a broad portfolio spanning genitourinary, lung, and gastrointestinal oncology, as well as early-phase trials. She also supported clinical research operations through the Centre for Biostatistics and Clinical Trials (BaCT).

She is currently pursuing a PhD at the Walter and Eliza Hall Institute of Medical Research (WEHI), leading innovative kidney cancer research.

She has held a fellowship with the Australian and New Zealand Urogenital and Prostate Cancer Trials Group (ANZUP) and continues to contribute to genitourinary oncology as principal investigator for several prostate and bladder cancer trials at Monash Health.

Dr Liow is widely published and has presented her work at numerous national and international scientific forums and actively contributes to the academic community through teaching, peer review, and collaborative research. Her work reflects a deep commitment to improving cancer care through research, collaboration, and education. Dr Liow is fluent in Mandarin.
